

**IFWEA IVA FIAET**  
**22nd GENERAL CONFERENCE**  
**5 - 7 December 2015 Lima, Peru**

## **RESOLUTION**

### ***This Conference Notes:***

The devastating natural disasters or manmade natural catastrophes due to climate change hits the most vulnerable in particular. The earthquake which hit Nepal on April 27, 2015 killed more than 8 thousand, left injured more than 15,000 people and damaged hundreds of thousands of houses. IFWEA as a global network calls on solidarity with its members in the concerned countries.

### ***This Conference Resolves:***

To support its affiliates in countries hit by either natural disaster or catastrophes due to climate change. On the request of the members of the concerned country IFWEA calls its members to support concrete reconstruction projects.

On the international level IFWEA calls for support through sustainable reconstruction projects which respect international core labour standards and are aimed at workers education infrastructure.

Furthermore as an international educational network IFWEA invites its members to strengthen educational programmes on the consequences of climate change.
